LIFE AFTER GRADUATION: MESSAGES FROM SOME OF OUR WONDERFUL GRADUATES

"I have cleared my DHA licensing exam and I am now practicing as a General Practitioner – Resident, Internal Medicine in a reputed private hospital and I am proud to say ... RAKMHSU prepared me well in understanding medicine and how to communicate effectively with my patients. I would advise you all to keep several options post MBBS. Firstly, it's never too early to think about residency. Collect information NOW...Year 1 semester 1 is not too early at all! Secondly, keep several options available. My formula is: the license of UAE, license of your home country, and clearing entrance exams of any western nation (US, UK, etc.). And finally, never neglect the greatest teachers you will ever have the men, women and children we are proud to serve as doctors. Watch them closely and put yourself in their shoes. Feel for them as if you know them well and you will be remembered by them forever".

Dr. Mohammed Umar Quraishi, RAKCOMS 2015 Graduate

"I am highly honored to be a part of RAKMHSU. Definitely, my journey at RAKMHSU was a journey of a life-time; given the opportunity of great education, I couldn't be more thankful. I plan on giving my DHA and MOH licensing examinations in future and hoping to strive more towards success. My message to my juniors is, "The sky is not the limit, your imagination is!"

Dr. Shifa Irfan, RAKCODS 2017 Graduate

"I finished my undergraduate studies at RAKMHSU in 2015. Studying at RAKMHSU was a very nice experience for me. It provided me all the requirements to complete my Bachelor degree in Pharmacy. Due to the excellent environment in RAKMHSU I decided to continue my Master's in Pharmaceutical Chemistry at RAKMHSU. I have been trained in private pharmacy and I appeared for the Ministry of Health licensing exam to be a licensed pharmacist. Working and completing my higher studies at the same time made my time truly fruitful.

My message to my juniors is, in the words of A. P. J. Abdul Kalam: Never stop fighting until you reach your destined place - that is, the unique you. Have an aim in life, continuously acquire knowledge, work hard, and have perseverance to realize the great life".

Abdullah Al Dibsawi, RAKCOPS 2015 Graduate; 2017 Post-Graduate

"It is amazing to be a graduate student of RAKMHSU, which is one of the best universities in the country and internationally too. The experience that I received during my studies and training were enough for me to know the meaning of nursing which is a humanitarian profession to save the lives of others and caring of patients. I am looking forward to completing my Masters and then PhD in the field of Adult Health Nursing and in becoming an effective person in my community.

The best message I can deliver stems from personal experience: All our dreams can come true, if we have the courage to pursue them So, go confidently in the direction of your dream."

Aishah Saeed Alyammahi, RAKCON 2017 Graduate

Enjoy the Career Fair!

7th RAKMHSU Career Fair

31st October 2017

*I am not a product of my circumstances.
I am a product of my decisions.*

-Stephen Covey

Welcome Message...

7th RAKMHSU Career Fair
Message from the Office of Student Affairs

It is both an honor and privilege for the Office of Student Affairs to welcome you to the **7th RAKMHSU Career Fair**. This event seeks to assist our students in developing and managing their professional and academic endeavors.

The **7th RAKMHSU Career Fair** hosts a range of national and international exhibitors with the aim of providing our students with an opportunity to avail of updates about potential career paths. Presentations will be made by experts in the field in order to provide our young, future medical and health care professionals with insights of the rules and regulations and career prospects in the Governmental and Private Sectors in the U.A.E. In addition, members of the RAKMHSU Alumni Association will share their experience with internship, licensing examinations and their experiences at the workplace.

We extend our appreciation to our distinguished guests for sharing their valuable time and experience with us today. We also extend our sincere gratitude to the Vice Chancellor of RAKMHSU, the Deans, the Faculty & the RAKMHSU Administrative team for their support and cooperation.

Team of the Office of Student Affairs

P R O G R A M
